

SINOTRON
GROWING TOGETHER WITH YOU

Newsletter 2

Greetings from Sinotron!

As you have previously heard from us, we are delighted to roll out a wide variety of copier consumables for YOU!

The newest PHOTOCONDUCTOR UNIT range

To compete with the demanding performance expectations for the life span, quality, page yield and overall performance, Sinotron has developed an improved version of photoconductor unit to supply to the pressing needs of the industry players. Throughout a period of compatibility tests, the new additions have demonstrated excellent performance and sustainability.
